

CHÂTEAU GUIRAUD

PREMIER GRAND CRU CLASSÉ EN 1855

SAUTERNES

Owner: *Financière Guiraud*

Château Guiraud takes its name from a Bordeaux négociant, Pierre Guiraud, who purchased the estate in 1766. Included among the first growths in the 1855 classification, Château Guiraud has more than a hundred hectares of vines.

This magnificent property is well-known for their natural approach to viticulture. This includes the construction of insect hotels, planting five kilometres of hedges, developing genetic diversity, studying and propagating vines in a conservatory, etc.

Château Guiraud is currently the only first growth in the 1855 classification to be officially certified for organic viticulture.

The estate's ecological orientation helps to produce great wines with a strong personality and tremendous finesse. Château Guiraud is profound and well-focused with fruity and mineral flavours of extreme freshness.

Area under vine	100 hectares
